The ideal location for your family's summer getaway is Cedar Point in Sandusky, Ohio. Located only 60 miles from Cleveland, Cedar Point offers more than 150 rides, shows and attractions. Voted the World's Best Amusement Park by readers of Amusement Today for 13 years running, Cedar Point features a collection of incredible roller coasters: 17 in all, including five of the top 25 steel coasters in the entire world.

But Cedar Point's more than white-knuckle thrills; Cedar Point also showcases award-winning live entertainment and four delightful children's areas, including Planet Snoopy, where your little ones will have out-of-this-world fun with the PEANUTS™ crew!

With a beautiful sandy Lake Erie beach, four hotels, and RV campground, Cedar Point is a

true resort vacation destination perfect for any family. Cedar Point Resorts include the historic, beachfront Hotel Breakers, Sandcastle Suites and Breakers Express. And, for guests who enjoy "roughing it," there's Camper Village, which features RV campsites, a pool, showers and more. Plus all resort guests enjoy \$29 tickets and Early Entry, an extra hour to ride select rides before the general public.

The fun and excitement continues at Soak City outdoor waterpark and Challenge Park, adjacent to Cedar Point. You can take on RipCord and Skyscraper at Challenge Park, or enjoy a relaxing break with Soak City's slides and a 500,000-gallon wave pool.
